## PHILLIP V. GEORGE, PLLC CERTIFIED PUBLIC ACCOUNTANT

#### INDEPENDENT AUDITOR'S REPORT

Board of Directors
Fox Financial Management Corporation

We have audited the accompanying statement of financial condition of Fox Financial Management Corporation (the Company) as of December 31, 2011, and the related statements of income, changes in stockholder's equity, and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Fox Financial Management Corporation as of December 31, 2011, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information contained in Schedule I required by Rule 17a-5 under the Securities Exchange Act of 1934 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

#### Note 1 - Nature of Business and Summary of Significant Accounting Policies

Nature of Business:

Fox Financial Management Corporation (Company) was incorporated in April 1997 as a Texas corporation. The Company's is a broker/dealer in securities registered with the Securities and Exchange Commission (SEC). The Company is a member of the Financial Industry Regulatory Authority (FINRA). The Company's customers are primarily individuals located in the state of Texas.

The Company operates pursuant to section (k)(2)(ii) exemptive provisions of Rule 15c3-3 of the Securities Exchange Act of 1934, and accordingly, is exempt from the remaining provisions of that Rule. The Company does not hold customer funds or securities, but as an introducing broker or dealer, will clear all general securities transactions on behalf of customers on a fully disclosed basis through a clearing broker/dealer. The clearing broker/dealer carries all of the accounts of the Company's general securities customers and maintains and preserves all related books and records as are customarily kept by a clearing broker/dealer. Under these exemptive provisions, the Computation for Determination of Reserve Requirements and Information Relating to the Possession and Control Requirements are not required.

Significant Accounting Policies:

#### **Use of Estimates**

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of the assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### Fair Value of Financial Instruments

Cash, receivables and payables are short-term in nature and accordingly are reported in the statement of financial condition at fair value or carrying amounts that approximate fair value. Marketable securities are held for investment purposes and are recorded at fair value in accordance with FASB ASC 820, Fair Value Measurements and Disclosures.

#### **Cash Equivalents**

Money market funds are reflected as cash equivalents in the accompanying statement of financial condition and for purposes of the statement of cash flows.

#### Note 1 - Nature of Business and Summary of Significant Accounting Policies (continued)

#### **Marketable Securities**

Marketable securities are held for investment purposes and are recorded at fair value in accordance with FASB ASC 820, Fair Value Measurements and Disclosures. The increase or decrease in fair value is credited or charged to operations.

#### Property and Equipment

Property and equipment is recorded at cost less accumulated depreciation. Depreciation is computed using the straight-line method over estimated lives of primarily five years.

#### **Private Placement Revenue**

The Company records revenue on the sale of interests in private placement offerings when customer subscriptions to such offerings are funded, and upon the determination the minimum subscription requirements of such offerings are or will be achieved.

#### **Security Transactions**

Security transactions and commission revenue and the related expenses are recorded on a trade date basis.

#### **Insurance Commissions**

Insurance commissions are recorded when the policies are funded by the customer.

#### **Promotional Costs**

The Company expenses promotional production costs as they are incurred and promotional communication costs the first time the promotion takes place.

#### **Income Taxes**

As of December 31, 2011, open Federal tax years include the tax years ended December 31, 2008 through December 31, 2010.

The Company is also subject to state income tax.

#### Note 2 - Transactions with Clearing Broker Dealer

The agreement with the clearing broker/dealer provides for clearing charges at a fixed rate multiplied by the number of tickets traded by the Company. The agreement also requires the Company to maintain a minimum of \$30,000 as a deposit in an account with the clearing broker/dealer.

#### Note 3 - Net Capital Requirements

The Company is subject to the SEC Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of a minimum amount of net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At December 31, 2011, the Company had net capital and net capital requirements of \$237,891 and \$50,000, respectively. The Company's net capital ratio was 0.38 to 1.

#### Note 4 - Marketable Securities/Fair Value of Financial Instruments

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company has the ability to access at the measurement date.
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the asset or liability.

In accordance with FASB ASC 820, the following table summarizes the valuation of the Company's investments by the fair value hierarchy levels as of December 31, 2010:

	<u>Level 1</u>	<u>Le</u>	vel 2	Level	<u>3</u>	<u>Total</u>	
Marketable equity securities	\$ 106,654	\$	-	\$	-	\$ 106,654	

#### Note 4 - Marketable Securities/Fair Value of Financial Instruments (continued)

Marketable equity securities are valued using level 1 inputs based on unadjusted quoted market prices within active markets Cost and fair value of marketable securities at December 31, 2011, are as follows:

				Gross	(	Gross		
	Amortized Cost		Amortized Unrealized		Unrealized			Fair
				Gains		Losses		Value
Marketable equity securities	\$	68,143	\$	38,511	\$	•	\$	106,654

#### Note 5 - Property and Equipment

Property and equipment is carried at cost less accumulated depreciation and consists of the following:

Furniture and fixtures	\$	1,932
Office equipment		11,180
		13,122
Accumulated depreciation	en-company-	(3,232)
	Ś	9.880

Depreciation expense for the year was \$2,511 and is reflected in the accompanying statement of income as occupancy and equipment costs.

#### Note 6 - Income Taxes

The Company files its income tax return using the cash basis method of accounting, which results in the income tax provision differing from the expense that would result from applying federal statutory rates to income before income taxes. The cash basis method of accounting creates a deferred tax liability which is not recognized in the accompanying statement of financial condition as this amount is not material.

#### Note 7 - Office Lease

The Company leases office space on a month-to-month basis from a related party for \$2,500 per month. Office rent expense for the year was \$30,000 and is reflected in the accompanying statement of income as occupancy and equipment costs.

#### Note 8 - Off-Balance-Sheet Risk and Concentration of Credit Risk

As discussed in Note 1, the Company's customers' general securities transactions are introduced on a fully disclosed basis with its clearing broker/dealer. The clearing broker/dealer carries all of the general securities accounts of the customers of the Company and is responsible for execution, collection and payment of funds, and receipt and delivery of securities relative to customer's general securities transactions. Off-balance-sheet risk exists with respect to these transactions due to the possibility that customers may be unable to fulfill their contractual commitments wherein the clearing broker/dealer may charge any losses it incurs to the Company. The Company seeks to minimize this risk through procedures designed to monitor the credit worthiness of its customers and that customer transactions are executed properly by the clearing broker/dealer.

The Company has \$205,096, or approximately 50%, of its total assets in cash equivalents, a clearing deposit and marketable securities held by or due from its clearing broker/dealer.

#### Note 9 - Related Party Transactions/Concentration of Revenue

The Company and various related parties are under common control and the existence of that control creates operating results and financial position significantly different than if the Companies were autonomous.

The Company earned approximately 61% of its revenue for the year from the sale of interests in private placement offerings of related parties, which consist of zero coupon bonds collateralized by life insurance policies.

The Company has a month-to-month office lease with a related party (See Note 7).

#### Note 10 - Contingencies

There are currently no asserted claims or legal proceedings against the Company, however, the nature of the Company's business subjects it to various claims, regulatory examinations, and other proceedings in the ordinary course of business. The ultimate outcome of any such action against the Company could have an adverse impact on the financial condition, results of operations, or cash flows of the Company.

### Note 11 - Subsequent Events

Management has evaluated the Company's events and transactions that occurred subsequent to December 31, 2011, through February 23, 2012, the date which the financial statements were available to be issued.

There were no events or transactions that occurred during this period that materially impacted the amounts or disclosures in the Company's financial statements.

#### Schedule I

#### FOX FINANCIAL MANAGEMENT CORPORATION

#### Computation of Net Capital and Aggregate Indebtedness Pursuant to Rule 15c3-1 December 31, 2011

#### **Computation of Net Capital**

Total stockholders' equity qualified for net capital	_\$_	322,430
Deductions and/or charges		
Non-allowable assets:		
Accounts receivable		46,631
Property and equipment, net		9,880
Total deductions and/or charges		56,511
Net capital before haircuts on securities positions		265,919
Haircuts on securities:		
Marketable securities		16,018
Undue concentration		12,009
Total haircuts on securities:		28,027
Net Capital	\$	237,891
Aggregate indebtedness		
Accounts payable	\$	1,816
Commissions payable		88,498
	\$	90,314
	<b>D</b>	70,314
Computation of basic net capital requirement		
Minimum net capital required (greater of \$50,000 or 6 2/3% of aggregate indebtedness)	\$	50,000
Net capital in excess of minimum requirement	\$	187,891
Ratio of aggregate indebtedness to net capital		0.38 to 1

#### **Reconciliation of Computation of Net Capital**

The above computation does not differ from the computation of net capital under Rule 15c3-1 as of December 31, 2011 as filed by Fox Financial Management Corporation on Form X-17A-5. Accordingly, no reconciliation is deemed necessary.

#### Statement of Changes in Liabilities Subordinated to Claims of General Creditors

No statement is required as no subordinated liabilities existed at any time during the year.

#### Statement Regarding Reserve Requirements and Possession or Control Requirements

The Company operates pursuant to section (k)(2)(ii) exemptive provisions of Rule 15c3-3 of the Securities Exchange Act of 1934, in which all customer transactions are cleared on a fully disclosed basis through a clearing broker/dealer. Under these exemptive provisions, the Computation of Determination of the Reserve Requirements and Information Relating to the Possession or Control Requirements are not required.

# PHILLIP V. GEORGE, PLLC CERTIFIED PUBLIC ACCOUNTANT

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL REQUIRED BY SEC RULE 17a-5(g)(1)

Board of Directors Fox Financial Management Corporation

In planning and performing our audit of the financial statements of Fox Financial Management Corporation (the Company), as of and for the year ended December 31, 2011 in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- 1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13
- 2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's previously mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the company's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2011, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, Financial Industry Regulatory Authority, Inc., and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

# INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES RELATED TO AN ENTITY'S SIPC ASSESSMENT RECONCILIATION

Board of Directors Fox Financial Management Corporation

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments [General Assessment Reconciliation (Form SIPC-7)] to the Securities Investor Protection Corporation (SIPC) for the year ended December 31, 2011, which were agreed to by Fox Financial Management Corporation and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc., and SIPC, solely to assist you and the other specified parties in evaluating Fox Financial Management Corporation's compliance with the applicable instructions of the General Assessment Reconciliation (Form SIPC-7). Fox Financial Management Corporation's management is responsible for Fox Financial Management Corporation's compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

- 1. Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement record entries (checks issued) noting no differences;
- 2. Compared the amounts reported on the audited Form X-17A-5 for the year ended December 31, 2011, as applicable, with the amounts reported in Form SIPC-7 for the year ended December 31, 2011 noting no differences;
- 3. Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers (trial balance) noting no differences;
- 4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers supporting the adjustments noting no differences; and

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
